Programmes

(April 2021 - March 2022)

Kerala Academy of Sciences is a premier professional organization of scientists, academicians, doctors and technocrats, instituted in 1989 with the main objective of science popularisation

During the reporting period, the Academy has continued its excellence in science popularization activities in the State through conducting several programmes including outreach programmes to school students, international seminars on specialized topics, important S&T day observations and commemorative programmes. The academy could collaborate with several leading national R&D institutions as well as with academic institutions in organizing the programmes.

During the period the academy had 13 Hon. Fellows, 68 Fellows and 624 Life Members and your cooperation and support for the activities of KAS are thankfully acknowledged and request to extend your esteemed services to the Academy in future as well.
